

## PROCEDURE FOR DEREGISTRATION OF SCRAP VEHICLES

1. APPLICATION FORM (ADV - PINK FORM)
2. DECLARE THE VEHICLE AS PERMANENTLY UNFIT
3. SHOULD YOU AT A LATER STAGE DECIDE TO RE-REGISTER A SCRAPPED VEHICLE, THE FOLLOWING SHOULD BE KNOWN:
  - (a) The vehicle can only be re-registered as a built-up (i.e. Code 3)
  - (b) You will need a deregistration certificate
  - (c) You will need form SOA - (Built up affidavit)
  - (d) You will need a certification of roadworthiness
  - (e) You will need a police clearance
  - (f) You will need a weigh bridge slip

**NB:** THE FOLLOWING ARE SOME OF THE ASPECTS YOU SHOULD KNOW REGARDING CODE 3 VEHICLES:

- (1) Insurance companies do not insure them.
- (2) Banks and other financiers do not finance them.
- (3) The value of the vehicle obviously decreases.

**ALTERNATIVELY:** CONSIDER THE FOLLOWING OPTIONS:

- (1) The Bank or financier may go through a change of ownership process and sell the vehicle to the insurance house, instead of scrapping it.
- (2) The insurance house can dealerstock the vehicle/s and the code remain used (Code 2).
- (3) The vehicle can then be sold to scrap dealers or panelbeaters or individuals as Code 2.

***For further information contact:***
